PROJECT

BMI CALCULATOR

Developed a Flutter BMI calculator app.

Allows users to calculate their BMI based on height and weight inputs.

Implemented input validation, BMI calculation logic, and visual representation of BMI categories.

Utilized Dart and Flutter to create an intuitive and responsive user interface.

QUIZZLER

Led development of Quizzler, a dynamic platform with unique yes or no questions format. Conceptualized and designed seamless and intuitive user interface. Curated captivating yes or no questions across multiple categories. Implemented robust scoring system and leaderboard for friendly competition.

QOUTES APP

Developed a Flutter Quotes app.

Provides users with a collection of inspiring quotes.

Implemented deleting feature to it

Utilized Dart and Flutter to create an engaging and user-friendly interface.

ACHIEVEMENTS

- Appointed as the Secretary of the Office of Student Affairs to organize and promote the welfare of students.

- Coordinated the first intercollegiate basketball competition during my college years, managing logistics, collaborating with other colleges, and ensuring a successful event.

- Worked as an NSS class representative during college, managing and organizing community service projects as part of the National Service Program (NSS). Also, as an NSS volunteer, help organize NSS training camps.

EXPERIENCE

ACCOLADE Teach Solutions - Intern
Apr 2023 | Mangalore

A UI UX designer is a professional who identifies new opportunities to create better user experiences. Aesthetically pleasing branding strategies help them effectively reach more customers. They also ensure that the end-to-end journey with their products or services meets desired outcomes.
